

## Plant-Wide Committee Set For Dance, Friday, April 7

A swinging group of Y-12ers has stepped forward to volunteer in the planning of Y-12's big Spring Dance. "Swing with Spring" it's called . . . or "Pay Now and Dance Later," as one wag put it.

The big gala event is set for Friday, April 7 . . . beginning at 9 p.m. in the Oak Terrace Ballroom, Oak Ridge.

The committee, which was set up to help publicize and plan the dance, will make some innovations at this one. First off, they promise some intermission entertainment . . . so-called "talent" from the divisions, which should be good for a laugh, if nothing else.

A decorating committee, publicity committee, and entertainment group have been named from the divisional representatives.

Those "swingers" mentioned include:

**Bobbie Hill**, Materials and Services.

**Bill Fleischman**, Engineering.

**Dick Spurling**, Assembly.  
**Daisy Ward**, Technical Services.  
**Nelson Bethea**, Accounting and Budgets.

**Jo Ann Isham**, Metal Fabrication.

**Frank Broome**, Fabrication.

**Mary Wayne White**, Maintenance.

**Jeanne Mitchell**, Development.

**Mildred Scott**, Shift Superintendents.

**Bob Cantrell**, Industrial Relations.

Alan Atkin's Orchestra has already been inked for the dance that first Friday in April. Tickets will be \$1.50 per person for the dance. This includes dance admittance, entertainment, and the works. In these days of high prices, it's good to know that somewhere there's a bargain that hasn't spiraled upwards.

Friday, April 7, is only three weeks away come Friday . . . so get "in the swing of things" and plan now to attend the big Spring Dance then.

## Guard Department Is Lost & Found Folks

Lost and found articles are handled by the Y-12 Guard Department. There's a bucket full of car keys down there, we're told.

From time to time someone will call this office for information on lost or found articles. The Guard Headquarters, building 9710-2, is the proper place for transactions of this sort. The Bulletin staff would like to assist, but we're lost ourselves about half the time!

## WISDOM OF YOUTH

A brash young college graduate was applying for a job in a company. He wanted to start as a vice president . . . but was told the company already had 12.

"Oh, that's all right, I'm not superstitious," he replied.

## Severed Tendon Is Year's First Lost-Time Accident

Thursday, March 9, marked Y-12's first lost-time accident of the year, as an employee in the Thermonuclear Division of ORNL in the plant severed a tendon in his Achille's heel. The expeditor caught his foot in a metal shaving, and in what is believed to be a reflex action, pulled his foot away, causing the metal to catch the back of his foot. The tendon was severed, and required surgical repair.

The accident brought the current string of 97 days to a close, or an approximate 2,726,000 man-hours worked without a lost-time accident.

Another lost-time accident was incurred Sunday, March 12, as an employee was burned. Details on the second lost-time accident will follow.

**COUNTY AND CITY OFFICIALS** from Anderson, Roane and Knox counties visited in Y-12 last week for lunch. The local officials were guests in Oak Ridge, touring facilities, of the Atomic Energy Commission, Union Carbide Corporation, Oak Ridge Associated Universities and the City of Oak Ridge.

## City, County Officials Are Guests Here

Some 50 officials from city and county governments of Roane, Anderson and Knox counties were guests last week touring Atomic Energy Commission facilities here.

The group was hosted by the Atomic Energy Commission, Union Carbide Corporation, Oak Ridge Associated Universities, and the City of Oak Ridge.

The tour began with a trip through the American Museum of Atomic Energy where the civic leaders viewed the only type museum of its kind in the country. Next, the visitors went to the overlook at the Oak Ridge Gaseous Diffusion Plant, where they were told that the K-25 plant uses more electricity per day than the entire state of Texas.

Lunch followed in Y-12 for the officials. Presiding was Al K. Bissell, mayor of Oak Ridge, and long-time Y-12er. He introduced S. R. Sapirie, manager of the Oak Ridge Operations of the Atomic Energy Commission.

Sapirie stressed the economic benefits of AEC facilities to the area, by pointing out that more than two and three-quarter billion dollars had been paid in salaries here since the early 40's. About \$25 million a year goes into Knoxville's purchasing power a year, Sapirie stated.

Dr. C. E. Larson then expressed confidence in the future of the atomic industry here. The Nuclear Division president pointed out that even if military demands on the industry decline, the need for

**MAYOR A. K. BISSELL** presided at last week's luncheon for representatives from the city and county governments in out-lying communities. From left are A. M. Weinberg, director of Oak Ridge National Laboratory and vice president of the Nuclear Division; Dr. C. E. Larson, president Nuclear Division. To Bissell's left are S. R. Sapirie, director of the Oak Ridge Operations, Atomic Energy Commission; and Don Cowen, director of public relations for the Nuclear Division.

fuel for power producing nuclear plants will more than take up the slack.

"Oak Ridge National Laboratory is held up as a national example of a laboratory able to face up to the nation's problems and not just in the field of atomic energy," Larson stated.

He reviewed the diversification of the Y-12 Plant through its history.

Dr. A. M. Weinberg, director of Oak Ridge National Laboratory, and a vice president of the Nuclear Division, also spoke with confidence of the outlook for the nuclear industry.

Dr. William G. Pollard, director of ORAU, also spoke briefly to the group.

After the luncheon, the county and city leaders were taken to ORNL to view the historic Graphite Reactor, the oldest in the world, and one of the nation's historic landmarks. They also saw the High Flux Isotope Reactor (HFIR).

Union Carbide's Nuclear Division produced four mayors of its own for the dignitaries' visit. L. W. Vandergriff, Cashier and

Continued on Page 4

**AGREEMENTS FOR THE PURCHASE** of \$250,000,000 of Union Carbide Corporation sinking fund debentures are signed by Birny Mason Jr., left, chairman of the board of Union Carbide, and Walter W. Wilson, partner of Morgan Stanley and Company, which is manager of the underwriting group. One of the largest offerings of securities ever made by an industrial company, this is also the first time that Union Carbide has come to the public market with a registered offering of securities.

## SAFETY SCOREBOARD

The Y-12 Plant Has  
Operated  
0 Days  
Through March 12  
Without A Disabling  
Injury  
Let's Start A  
New Safety Record

**"WE VIEW THE FUTURE** with a great deal of optimism," stated the Nuclear Division president last week. The potentials of all three of the Oak Ridge AEC plants were stressed to visiting officials.

## Battelle's Anderson To Speak Tuesday

Richard J. Anderson

A joint American Society for Metals and American Institute of Mining and Metallurgical Engineering meeting will be held next week. The Tuesday, March 21st meeting is set at the Holiday Inn, Oak Ridge, with a social hour beginning at 6:30 p.m. Dinner is slated for 7 and the technical session at 8 p.m.

Featured speaker will be Richard J. Anderson, assistant to the director of Battelle Memorial Institute. He will speak on the "Promise from the Ocean."

Anderson holds a BA and MA degree in geology from Columbia University and is currently adjunct professor of geology at Ohio State University. He is also coordinator of Battelle's extensive research and development programs related to the ocean, including marine biology, desalination, ocean engineering, marine geodesy, and mineral resources.

Reservations may be obtained from W. R. Martin, extension 3-1675, or Les Dotts, Knoxville telephone 588-8094.

The American Society for Testing and Materials has requested participation in a forthcoming conference entitled "Applications Related Phenomena in Titanium and Its Alloys." The conference will be held in Los Angeles on April 18, 19, 1967. Additional information may be obtained from A. P. Litman.

## Wristwatch Is Found In 9201-5 Change-House

Joe Jackson says he has found a beautiful man's wristwatch in the change house of 9201-5.

The owner may pick it up by identifying it. He has it at work, and can be reached at extension 3-7461, or at home in Clinton 457-0386.

## St. Pat's Dance Set Friday By ChemTech

ORNL's Chemical Technology Division is inviting friends to their St. Patrick's Day Dance, Friday, March 17. It will be held at the Andrew Johnson Hotel, Knoxville. The social hour begins at 8 p.m. . . . and dancing gets underway to the tunes of Alan Atkin at 9 p.m.

A breakfast will climax the activities at 12:30 a.m. Cost is \$2 per person . . . and \$1.75 extra for the breakfast.

Prizes will be awarded for the most original St. Patrick's Day corsage there (homemade, of course). There will also be door prizes.

Tickets are on sale at the various section secretaries' desk.

And, the top of the morning to you!

## Camera Club Outlines April Competition

The Carbide Camera Club met last night, Tuesday, March 14, for a discussion on W. L. Russell, president, on "Photographing Scenic Rivers."

Prints and slides from the March competition "Action" were discussed. Peggy Turner walked off with first and third prizes in color prints . . . Bill Harper took second place. Bob Stephenson, Bill Russell and Joe Dedrick took the respective prizes in the black and white prints. R. E. Sladky took first place in slides, and C. Ritcher, R. E. Sladky and F. Sprouse all tied for second place.

It was announced that Cliff Johnson will again serve as Salon Chairman, and will be issuing rules soon. The Salon will probably be held in June, and members are urged to start planning entries now.

"Abstracts, Patterns, Texture" is the subject of April's competition.

The Camera Club meets on the second Tuesday of the month at 8 p.m. in their quarters in Cheyenne Hall.

## Violinist Charles Treger Concert Saturday Night

The Oak Ridge Civic Music Association proudly presents violinist Charles Treger in concert Saturday, March 18. The concert begins at 8:15 p.m. at the Oak Ridge High School Auditorium.

The American-born, American-education musician has appeared with many major United States symphony orchestras.

This will be the last chance that students will have to use their gift certificates for ORCMA concerts. Regular season-holders will, of course, use their tickets, and additional tickets will be on sale at the box office

## Y-12er J. A. Lewis Enjoys Ice-Fishing On Northern Lake

"Everybody to his own taste," the old lady said when she kissed the cow.

Is drilling through three feet of ice, over which 12 inches of snow lays your idea of fishing? (To some of us, fishing is lying asleep by the lakeside with the temperature in the 90's!)

Ask J. A. Lewis, Beta Two Machine Shop, about fishing for great northern pike. Lewis' brother owns a place on Houghton Lake, way up in Arctic Michigan called "Lewis' Rustic Oasis Resort." The Y-12er visited there recently to get in some ice-fishing as well as snow bugging along on top of the ice and snow at 35 miles per.

"A snow buggy is the only way to get around on those frozen lakes," Lewis avows. "It is the common mode of transportation, especially for ice-fishermen."

"The cabins over the fish-holes are heated, however, and will accommodate two or three fishermen," Lewis stated.

That sounds more like it.

Like the old lady said, everybody to his own taste!

## SNT Meeting Is Set Next Tuesday

The Oak Ridge Section of the Society for Nondestructive Testing will meet next Tuesday. The meeting is set for 6:45 p.m., Tuesday, March 14, at the Oak Ridge Marina, River Road, Oak Ridge.

Cost of the dinner steak will be \$2.

John R. Zurbrick, senior engineer, Avco Space Systems Division, will speak on "Advancements in Nondestructive Dielectric Testing on Plastics and Composites."

Zurbrick, who holds a BS in chemical engineering from Wayne State University, has been with Avco since 1964. He has been engaged in the development of non-destructive test techniques for the evaluation of organic non-metallics, particularly glass-fiber reinforced plastics. Included in this work were studies leading to significant correlations between material property values and quantitative NDT values, useful in predicting structural component performance. He has also been active in the development of oriented, fixed or variable field-depth, coplanar capacitance probes and devices for use in low-frequency dielectric measurements.

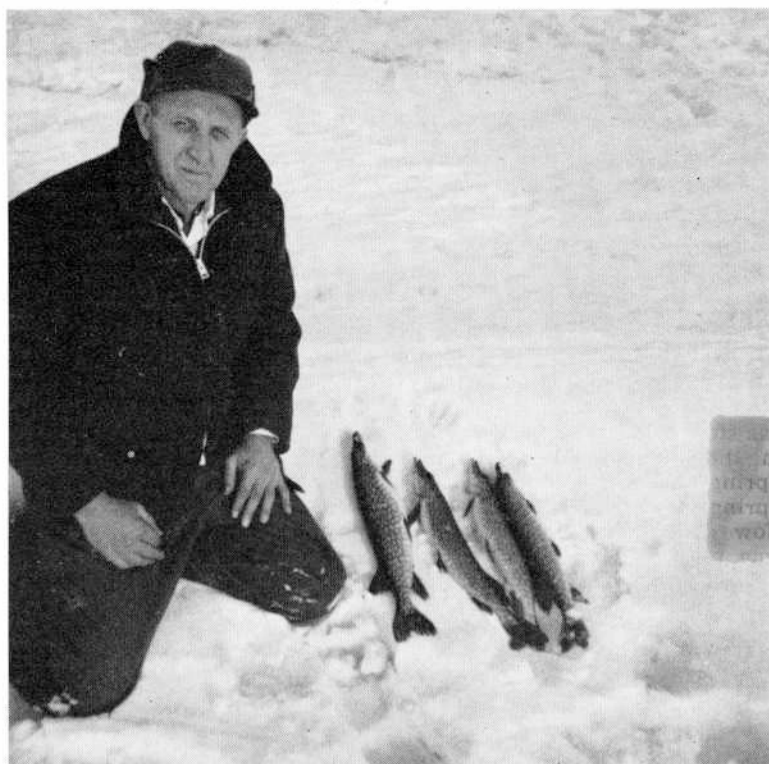

He has published works in Control Engineering, Product Engineering, American Machinist and Chemical Week.

All SNT members are urged to attend next week's meeting, and all interested parties are also invited.

## Power Squadron Plans Free Piloting Course

The Oak Ridge Power Squadron is beginning another free course in piloting small boats. The classes will commence Wednesday, March 29, and will be held for 11 consecutive weeks thereafter at 7:30 p.m. The classes will be held at the Oak Ridge High School.

Topics for the courses will include safety afloat, seamanship, small boat handling, equipment and government regulations, rules of the road, manners and

J. A. LEWIS, Beta Two Machine Shop, recently enjoyed a vacation in the frigid north, visiting his brother who owns a resort on Houghton Lake. Lewis was particularly pleased with his results at ice fishing, catching some Northern pike. He also enjoyed the snow-buggy ride . . . seen in the middle photos.

customs and radiotelephones, aids to navigation, charts and chart symbols, mariner's compass and river piloting.

H. S. Corey and Gus Angele will be among the Y-12ers who

will instruct the various courses. Certificates will be issued those successfully completing the free course.

Safety lowers the cost of living.

6-13365

**THE PLAYBOYS** don't play around when it comes to competition in the Classic League. They are currently riding the crest of the last half of the 16-team bowling league. From left are, Ted Higgins, Joe Smyrl, Captain Dave Smith, Neal Dow, Ken Valentine and Frank Adams.

## Playboys Take Three-Point Edge As Has Beens Fall Hard To Rippers

The Playboys kept their lead in the Classic Bowling League last week by sharing two points with the Smelters. The Rebels moved up with a four-point win over the Eightballs. The Splinters belted the Markers for four, as

did the Rippers over the Has Beens. Taking three were the Eagles over the Screwballs and the Wasps over the Bumpers. The Tigers and All Stars shared two points.

Ken Valentine, Playboys, rolled a 224 scratch single. A. V. Bible, Smelters, posted a 251 handicap game. J. B. Fincher, Eagles, rolled a 589 scratch series; and Walt Sherrod, Eagles, posted a 653 handicap series.

The Rippers rode team honors all the way . . . singles of 954 scratch, 1096 handicap . . . series of 2628, 3054.

Team	W	L
Playboys	31	13
Has Beens	28	16
Rebels	27½	16½
Swingsters	27	17
Splinters	27	17
Tigers	26½	17½
Eagles	25	19
Cubs	22	22
Bumpers	21	23
Wasps	21	23
Markers	20½	23½
All Stars	20	24
Rippers	16½	27½
Eightballs	13	31
Screwballs	13	31
Smelters	13	31

## Table Tennis Gets In Several Licks

Action picked up again in the Table Tennis Leagues last week. In the K League F. Kertesz downed Bob Bernard for three games. Harley Law took Jim Hallau for two, and Ed Isham won three from Bernard.

K League standings:

Player	W	L
Francois Kertesz, ORNL	20	1
Joe Lewin, ORNL	19	2
Winfred Collins, Y-12	12	9
Tudor Boyd, Y-12	9	12
Jim Hallau, Y-12	7	14
Bob Bernard, ORNL	5	16
Harley Law, Y-12	6	15
Ed Isham, Y-12	6	15

In the Y League Ram Uppuluri defeated Tom Baldwin for three, as did Robert Coveyou.

Y League standings:

Player	W	L
Ram Uppuluri, ORNL	14	4
Ed Gambill, Y-12	13	5
Robert Coveyou, ORNL	13	5
Art Weinberger, ORNL	11	7
Roy Matheny, ORNL	4	8
Jerry Hutchins, ORNL	2	10
Stan Cantor, ORNL	0	9
Tom Baldwin, ORNL	0	12

Roy Huddleston defeated league-leader William Motley for two games, while Motley downed Ralph Einstein for the full count. Herb Mook took three from Fred Shull and Ralph Einstein. Gordon Brewer defeated Al Norris for three.

X League standings:

Player	W	L
William Motley, Y-12	18	3
Roy Huddleston, Y-12	15	3
Herb Mook, ORNL	15	6
Gordon Brewer, Y-12	9	9
Al Norris, Y-12	6	15
Fred Shull, ORNL	6	15
Subbu Raman, ORNL	6	6
Ralph Einstein, ORNL	2	19

## Softball Teams Urged To Enter Roster Now

Recreation again invites Softball teams into the fray. Summer competition will get under way shortly . . . and your name must be in the pot if you're going to play.

Organization is starting early to determine the number of fields needed for action. Call 3-7109 and enter your team now. Time's a-flying.

## VIP's Dominate Basketball Still

The Basketball League entered its final (or next to final) lap of play last week, with the Radioisotopes squeaking by the Y-12 Collegians Monday eve 43 to 39. Joe Crunk led the winners with 14 points . . . Jerry Prudom tallied 13 for the losing squad.

The Has Beens edged by the Celtics in game number two, 44 to 43. As usual Churchill Moore led the Celtics, with 25 big points. McCulleys, Inc. (Bob and Phil) led the Has Beens with 20 and eight points apiece.

The second - slotted ORNL Bombers won easily over the B bar R's in final action Monday 37 to 21. Tom Kress led the winners with 10 points; Bob Culton scored nine. It was Bob Brown for the ranch-hands with eight; Ed Bailiff with six.

Y-12's Braves clipped their fellow plantmen, the Bat Boys, in Wednesday's opener 45 to 33. It was a fairly close ball game, but the Boys could never overcome the lead that the winners built up in the first two quarters. Tim Butler bravely led the Braves with 15 important points. Dave Hendrickson scored 10 for the unlucky team.

The Ecobums defeated the improving Collegians in a nip-and-tuck one 51 to 45. Using the steal and fast break the 'Bums won in the final two minutes of play. Tim Kitchens fired 16 points; Homer Tucker 13 for the winning 'Bums . . . Jerry Prudom tallied 22 for the losers . . . Eddie McFadden, 18.

The VIP's made mince-meat of the Has Beens in the week's final action . . . 77 to 40. Controlling both boards, the league-leading team allowed all players a chance at double-figure scoring . . . Jim Carter and Larry Finch, 22; Bob Compton, 11, and John Murphy, 12. D. Bennet produced 14 for the losing Beens.

League standings follow:

Team	W	L
VIP's, ORNL	8	0
Bombers, ORNL	7	1
Radioisotopes, ORNL	6	1
Ecobums, ORNL	5	3
B bar R's, ORNL	3	5
Has Beens, ORNL	3	5
Celtics, K-25	2	5
Collegians, Y-12	2	6
Braves, Y-12	2	6
Bat Boys, Y-12	1	7

## Mustangs Keep 1 Point Mixed Lead

Three-point wins went to the top three teams in the Mixed Bowling League last week, as standings remained virtually unchanged. The Mustangs downed the Roses 'N Thorns, the Hits & Misses hit the Alley Cats, and the Goofers galloped past the Twisters. The Novices took three from the Rollers.

C. R. Lively, Rollers, rolled a 221 scratch, 239 handicap game. George Cantrell, Mustangs, mustered a 510 scratch, 570 handicap series. Virginia Newby, Goofers, gained a 208 scratch, 253 handicap single . . . and Irene Carmack, Mustangs, totaled a 528 scratch series, 645 handicap series!

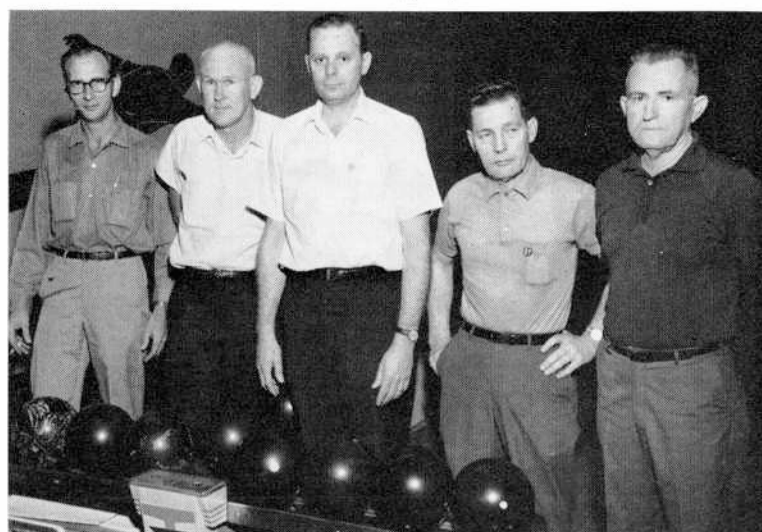

The Mustangs swept team honors . . . singles of 717 scratch, 839 handicap . . . series of 1970, 2336!

League standings follow:

Team	W	L
Mustangs	25	15
Hits & Misses	24	16
Goofers	22	18
Rollers	21	19
Roses 'N Thorns	20	20
Twisters	19	21
Alley Cats	16	24
Novices	13	27

## MIDDLE AGE

Middle age is that time of life when about all you're inclined to exercise is caution.

**THE ROUNDERS AND STRIKERS** are big teams in the C Bowling League, the plant's Monday night keggers. At top are the Rounders . . . C. R. Rea, J. C. Bryan, captain; Otis Rackley, and C. M. "Shorty" Bryant. In the lower picture are the Strikers . . . J. B. Fincher, captain; J. L. Householder, R. F. Jones, A. T. Gladson, and George Cantrell, seated.

## Badgers Batter Invalids To Keep Newly Acquired C Bowling Perch

The Badgers hung onto their newly acquired lead in the C Bowling League last week with a three-point win over the Invalids. Other top-seeded teams also took three points . . . the Rounders racing past the Hi-Lifers, the Strikers sinking the Royal Flush and the Big Five besting the Rodders.

The Fireballs posted a four-point over the Rollmasters, as the Sunflowers did over the Parbusters.

Ray Galford, Sunflowers, fresh from his Tournament victories,

bowled a 230 scratch single . . . a 242 handicap single, which tied J. B. Fincher, Strikers. Galford's scratch series of 606 was high . . . and Bill Stephens, Sunflowers, sank a 666 handicap series.

The Sunflowers swamped all team honors . . . singles of 914 scratch, 1051 handicap . . . series of 2638 and 3049.

League standings follow:

Team	W	L
Badgers	22	10
Rounders	20	12
Strikers	20	12
Big Five	19	13
Fireballs	18	14
HiLifers	17½	14½
Sunflowers	14	18
Royal Flush	14	18
Rodders	13	19
Parbusters	12	20
Invalids	12	20
Rollmasters	10½	21½

## Beavers Lose 1st Volleyball Game!

For the first time this year the Y-12 Beavers do not hold down the command in the Volleyball League.

Action began last week on Court A as the K-25 Sports clipped the Old Men 15-7, 15-10, 15-4 and 15-10. Y-12's Eagles edged by the Charley Brown's 15-8, 15-1, 15-12 and 15-10. The Set-Ups mauled the Mix-Ups 15-3, 15-10, 15-1 and 15-6.

Meanwhile on Court B, the Beavers belted the Tigercats 15-4, 15-1, and 15-7 . . . while the 'Cats took game two 15-10. The Ecobums defeated the Neophytes 15-8, 15-4 and 15-8, while the Neophytes took game two 15-10. The Scrubs downed the Beagles 15-4, 15-12, 15-14 and 15-4.

League standings follow:

Team	W	L
Scrubs, ORNL	8	0
K-25 Sports	8	0
Beavers, Y-12	7	1
Set-Ups, ORNL	6	2
Tigercats, ORNL	4	4
Mix-Ups, K-25	3	5
Ecobums, ORNL	3	5
Eagles, Y-12	3	5
Old Men, ORNL	2	6
Beagles, ORNL	1	7
Charley Brown's, ORNL	1	7
Neophytes, Y-12	1	7

## Thursday Is Deadline In Y-12 Bulletin Office

Dead-line for photographs and copy in the Y-12 Bulletin is Thursday afternoon before the desired Wednesday of publication.

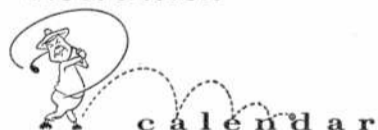

Several technical meetings of late have missed the paper's dead-line. News of meetings and other bits of information on employees are always welcome. But they must get under that dead-line.

## March 22 Is Earliest Easter Can Arrive

The earliest date on which Easter can fall is March 22. It did so in 1761 and again in 1818 but will not do so in any other year in this century. This year the holiest day in Christendom falls on March 26. Easter is the first Sunday after the first full moon after the vernal equinox.

Friday, March 24, is a recognized holiday for Y-12ers.

## Recreation

**Monday, March 20**  
BOWLING: 5:45 p.m., C League, Ark Lanes.

TABLE TENNIS: 7 p.m. Wildcat's Den.

PHYSICAL FITNESS: (For Women) 7 p.m., Oak Ridge High School Girls' Gym.

**Tuesday, March 21**  
FIRST DAY OF SPRING!  
PHYSICAL FITNESS: (For Men) 7:30 p.m., Oak Ridge High School Gym.

**Wednesday, March 22**  
BADMINTON: 7:30 p.m., Jefferson Junior High School Gym.

BOWLING: 8 p.m., Mixed League, Ark Lanes.

**Thursday, March 23**  
BOWLING: Classic League, 5:45 p.m., Ark Lanes.

**Friday, March 24**  
GOOD FRIDAY, Holiday for Y-12ers.

**Saturday, March 25**  
CRAPPIE CARNIVAL: 6 a.m. to 10, registration. E, F, G, H and J shifts. All Y-12ers welcome. Blue Springs Boat Dock, Watts Bar Lake.

**UNION CARBIDE CORPORATION**  
NUCLEAR DIVISION  
P. O. BOX Y, OAK RIDGE, TENNESSEE 37830

(RETURN REQUESTED)

BULK RATE  
U.S. Postage  
**PAID**  
Oak Ridge, Tenn.  
Permit No. 71

**FOUR CARBIDE MAYORS** were represented at last week's tour of Oak Ridge facilities, as the group stopped in Y-12 for lunch. From left are L. W. Vandergriff, Y-12, mayor of Lake City; Loyd Kahler, purchasing, mayor of Norris; Dr. C. E. Larson, president of the Nuclear Division; S. R. Sapirie, director ORO-AEC; Al K. Bissell, Y-12, mayor of Oak Ridge; and Chester Fultz, Y-12, mayor of Kingston.

Ride wanted from 100 Norwood Lane, Oak Ridge, to North Portal, straight day. E. M. Hunnicutt, plant phone 3-5411, home phone Oak Ridge 482-1868.

### Properties of Solids Topic Of Physics Seminar

E. T. Arakawa, ORNL Health Physics Division, will deliver this week's seminar. His topic is "Optical and Electronic Properties of Solids."

The seminar is set for Friday, March 17, at 3:15 p.m., in the East Auditorium of ORNL's 4500 building.

### Anniversary Column Donates Five Years!

In last week's Anniversary column Arthur J. Fisher, Sam H. Davis, Ernest M. McCullough, Dennis E. Stone, Bert O. Davis and Bruce L. Loflen all got five years added to their company service dates. The column did not run the week of March 1. It should have been blended a little better in last week's Bulletin.

These men all have 15 years with Union Carbide Corporation . . . not 20.

### Bear Creek Road Open To Public March 1

Bear Creek Road, that seven-mile stretch of highway running past Y-12, is now open for public use.

The road between Scarboro Road and State Highway 95 was opened for public use on March 1 by the Atomic Energy Commission. This portion has been restricted to official use since the early 1940's.

## Safety Awards Show Interest In Food Here

It's apparent that Y-12ers would rather "eat than fight" . . . fire that is. Of the five leading safety articles picked up by most of us last week . . . four of them had something to do with eating. (A total of 91 Y-12ers chose a fire extinguisher!)

Look at the scoreboard: leading the pack was the electric frypan . . . 557 Y-12 homes now own one of these new appliances; 437 families will take on more calories this summer with electric ice-cream freezers; 340 breakfasts will be made quicker with electric toasters; and 331 Y-12 families will carve with a handsome electric carving knife. One of the top five items selected, only one had nothing to do with food! The clock-radio, which placed third in popularity, was chosen by some 403 employees.

At the tail-end of the selection was the dozen golf balls . . . chosen by 28 Palmers-in-the-plant.

How did the rest of the items make out? Well, the list goes: electric blankets, 162; tackle boxes, 34; ice chest, 104; coffee maker, 274; Melamine dinnerware, 154; electric drill, 230; charcoal grill, 204; electric heater, 106; electric iron, 114; step ladder, 229; Coleman lantern, 111; record player, 93; Coleman stove, 149; card table, 201; stainless steel tableware, 249; socket wrench sets, 239 and electric toothbrushes, 226.

And how did you average out with the tastes of other Y-12ers?

The awards were for periods earned during 1966 . . . for a total of 8,854,536 man-hours worked without a lost-time injury. Being healthy and whole is reward enough for working safe-

ly. The \$11 awards were just added bonuses!

Let's make 1967 one of the best years ever in our safety performance. We have a lot of good records that need breaking!

### STORK MARKET

William H. Foust, Beta Two Machine Shop, passed out cigars and candy recently to honor the birth of grandson Gerald Bernie Martin. Little Gerald was born February 1, weighing eight pounds, 14 ounces.

## Officials Visit

Continued from Page 1

Travel, is mayor of Lake City. Chester Fultz, Laboratory Development, serves as mayor of Kingston. Loyd Kahler, Purchasing, is mayor of Norris. And, of course, Al Bissell, SS Shipping and Warehousing, is Oak Ridge's well known mayor.

Bissell stressed the need for continued communications between the AEC-oriented people and the elected officials of the

region. "This is the first step together with officials of the three counties and it will be a continuing effort," he stated.

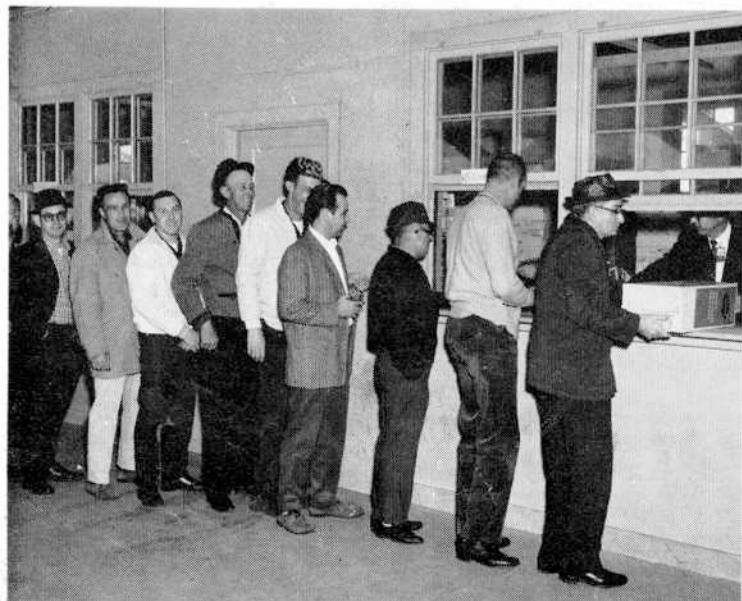

In addition to the four elected mayors, several employees serve on county courts, city councils, and in various other capacities.

### HOMEWORK HELP

Wife to harried husband: "You'd better go on and help Junior with his homework while you can. Remember, he passes to the fourth grade this year!"

**HELPING HANDS ARE LOANED** as Y-12 employees pick up safety awards for four periods of accident-free time worked in the plant during 1966. The longest period began in 1965 but extended into last year.

Safety Awards Given For 1966 Accumulations
